******RESTRICT UNWANTED TELEPHONE SOLICITATIONS******

On March 11, 2003, the Do-Not-Call Act was signed into law, which authorizes the federal government to collect fees from telemarketers for the implementation and enforcement of a national "Do-Not-Call" Registry. **If your number is listed on the Registry, all commercial telemarketers, except businesses with whom you have an existing relationship or certain non-profit and political organizations are not allowed to call you.**

You may register, at no cost, your residential telephone number on the national Do-Not-Call Registry by telephone or via the Internet. You may also register wireless numbers as well. **Call 1-888-382-1222 to register by telephone; for TTY, call 1-866-290-4236. You must call from the telephone number that you wish to register.**

To register via the Internet, go to www.donotcall.gov. Your telephone number should be listed on the national Do-Not-Call Registry within three months of your registration. Your number will remain on the Registry for five years, at which time you can re-register your number. You can remove your number from the Registry at any time.
